### Note #2 Additional class

Sigrid Pohl Perry will also be conducting two sessions of a small hands-on workshop for help with **reading Polish and Cyrillic records** recorded in Polish church archives. These will be held in the research room. One session will be held Friday morning 8:50-10:05; the other on Saturday morning 10:15-11:30.

Both sessions will include tips and information for deciphering the basics from records in either language.

Please bring photocopies of your records so you can write on them.

Please contact Sigrid at [perry1121@aol.com](mailto:perry1121@aol.com) of your intent to attend at least one of these sessions in order for her to prepare handouts or other materials as needed. Information on your family surname and parish of interest will be helpful.
